9.17.20

**Donate hay for the ASEF horses through your generous gifts on North Texas Giving Day 2020.**

2020 has been a challenging year to say the least. With the loss of our Spring session and multiple annual fundraising events we are in need of your help. Each August ASEF brings in enough coastal hay to feed our herd of 20 horses until the following August. We are aiming to raise **\$15,000** to cover the cost of hay through 8/21.

**September 17, 2020, 6:30 AM- midnight**, will allow you the opportunity to help support our program and ensure that the hay needed by our amazing herd of equine therapy partners is available. North Texas Giving Day is an annual online event hosted by the Communities Foundation of Texas. They provide nonprofits of North Texas with a platform to come together and call for their communities to support their programs, as well as providing a simple avenue for donors to give online.

To find out more about how you can support All Star and participate in North Texas Giving Day keep reading!
